### OHIO FIRM TO AID UNIFORM INQUIRY

Representative of Company Will Testify at Hearings on Cost of Policemen's Clothes.

of Cincinnati, holders for the last nine years of the contract for supplying uniforms to Washington policemen, is expected to be a witness tomorrow before the committee appointed by the Commissioners to inquire into the method of award. The committee will resume its sessions at 10:30 o'clock in the office of Capt. Roger G. Powell,

While the figures in the current con tract will not be made public until after the investigation, a comparison of former prices with rates now obtaining in other cities indicates that members of the force here have had to pay a much ligher price for their uniforms. In 1906, according to Julius I. Peyser, at-torney for a Washington firm whose bild was rejected the contract price for bid was rejected, the contract price for overcoats was \$22.75. Philadelphia po-licemen pay \$16.75.

Prices at Philadelphia.

Following are Philadelphia prices for other garments: Dress coats for pa-

policemen, \$20; blouse and trousers for motorcycle policemen, \$13.75.

The prices charged by Fechheimer Sons in 1906, according to the list submitted by Mr. Peyser were overcoats, \$22.75; frock coats, \$16.35; sack coats, \$2.75; frock coats, \$16.35 ack coats, \$1.30 and \$3.10; winter trousers, \$5.55; patrol drivers' overcoats, \$16.75.

Not only does Philade; phia allow eath policeman \$40 a year for uniforms, but it gives the members of the force a voice also in their sefection. There are forty-five police districts in the city. Each district elects a policeman to a general committee of forty-five members.

Into Five Sections.

The city is divided into five police sections. Members of the committee in each section elect one man to a subcommittee consisting of a lieutenant, two sergeants, and three patrolmen, which considers quality and price and reports back to the general committee. A report is then made to the director of public safety and acting on this he ad-vertises for bids. After the contract is filled, the uniforms are inspected by the police committee and also by officers of the United tates army who pass upon quality and workmanship. Washington policemen have to pay for

captains. Mr. Peyser and Harry Kaufman, of Mr. Peyser and Harry Kaufman, of the Kaufman Clothing Company, the unsuccessful bidder in 1906 have been summoned to appear before the commit-tee which will probably conclude its in-vestigations Tuesday, A report will be submitted to the Commissioners the last of the week

To Plan Advance Steps.

The 1915 congress of the Daughters is expected to mark an epoch in the annals of the patriotic organization. Aside from the election of officers, a part of the congress that already has resulted in the presence of vigorous campaigning by rival candidates, the organization hopes to complete plans for many advance steps in the progress of its patriotic principles during the coming year. Particular attention is to be given to the national society's

Kills Fiancee, Sentenced, Goes to Jail, in One Day

SAGINAW, Mich., April 11.-The much discussed law's delay had little to do with the case of Robert Smith, of Cleveland, who was sentenced to life imprisonment for the murder of Mrs. Grace Steinhauser, to whom he was to have been married.

Smith was serving his sentence less than twenty-four hours after killing his victim. He met Mrs. Steinhauser in the county jail, where he was serving a sen tence for vagrancy.

### YOURSHAVINGCOMFORT

Most men shave "on the run."

More time given to shaving, or in "getting ready," soon discloses many hitherto unrealized joys of shaving one's self. Early morning shaving is considered best for the face, because the flesh and skin

have had a chance to relax and get in a normal condition during the night. The face should be carefully washed and wiped dry before the first lather is applied. Work in the lather with the brush, or a rubber beard softener, and not the fingers. Then use the razor.

A razor never "pulls" a beard that has been properly prepared.
